CHAS. A. BARNES, of Copley.For Inferior Director,
JOHN SPILLMAN, of Northampton.The army officers convicted of com-
plicity in the commissary frauds in
Manila are to apply to President
Roosevelt for clemency. Wonder if
Mr. Neely will also be heard from?It is up to Senator Hanna to produce
evidence that the Ship Subsidy bill
was included in the list of policies
which the new President has promised
to continue.Mayor Johnson and Prof. Benis will
make another of their afternoon calls
tomorrow upon the State Board of
Steam Railway Equalization. If these
distinguished guests would postpone
their visits until after election, they
would be none the less welcome.The Ohio Democratic campaign will
be opened at Urbana, Oct. 29, and the
Republican campaign at Delaware,
Oct. 10, neither party to have more
than two weeks of active campaigning.
It appears that the chairmen of the
rival committees were not so far apart
after all upon the subject of ending
the campaign off.A Washington special credits Pres-
ident Roosevelt with having rebuked
some office-seekers by telling them
that "they are only jeopardizing their
chances of receiving consideration at
all by pressing their claims to posi-
tions while the nation is mourning for
its President." Of course none of the
office-seekers had heard from Ohio.The Pan-American Exposition at
Buffalo has been so seriously affected
by the incident of President McKin-
ley's assassination that the managers
of the institution appeal to the public
not to abandon our efforts, which
was so full of good enterprise toward
American industries. The attendance
was just at its height when the act of
the assassin suspended all business
and amusement throughout the coun-
try, and checked the current of suc-
cess. The appeal for helpful interest
and attendance should not be in vain.Congressman Babcock has returned
from Europe, more than ever contri-
buted in his belief that there should be
a revision of the tariff."One of the points," says he, "which
impressed me of the desirability of
revising the steel schedule was infor-
mation I obtained in Scotland of the
placing of an order for 20,000 tons of
American steel. When you stop to
think that 20,000 tons of steel means
more than 1,000 car loads it will not
do to say that such an order placed
abroad by our manufacturers is only
their surplus product. I do not know
that the price was lower than such
steel is sold for in our domestic mar-
kets, but certainly it was low enough
to place the order. I believe it can
be demonstrated to the satisfaction of
intelligent men that conditions have
arisen which warrant material
changes in the metal schedule, and
these changes have developed since
the passage of the Dingley tariff
law."The Congressman's views ought to
make very interesting light reading
for President Roosevelt.WISE and
Otherwise.It's a wonder somebody didn't nomi-
nate Oom Adam Breiner.It would be a shame to oust the
Board now with winter coming on
space.Within a few weeks the glad some
yell of the foot ball roster will read
the air.Council no doubt derives a great
deal of intrinsic satisfaction from the
triumph.Maybe the young men didn't want
to be Justice, after all, and merely
ran for fun.Maybe the Board could have won
out in the Cherry st. bridge affair if
it had mandated the Council.It must be galling to Schley to be
investigated while there is a move-
ment on foot to present Cervera a
loving cup.No reliance should be placed on the
story that Messrs. Sawyer and Mc-
Millen are likely to come together
outside the Council chamber.A Thought for the Day—"We want
no more tomfoolery. The red lemon-
ade and peanut days of this Council
should be at an end."—Walker.There is one comfort for the de-
fected ones in the contest for the
appointment of Justice—they were not
triumphed by a candidate younger than
themselves.Thomas Wheeler, of Rochester, in-
ternational president of the Electrical
Workers' union, will deliver an ad-
dress at the meeting of the Central
Labor union Thursday evening.A new author has sprung into exist-
ence, but the critics have not as yet
fallen over themselves to tear him to
pieces. On the title page is the an-
nouncement that the book is written
by "Bob" Fitzsimmons.In justice to Col. Sanford it is only
right to announce that he didn't au-
thorize the presentation of his name
in the contest for Justice at Council
meeting Monday evening, but his
friends knew by experience that he
would hold them accountable if they
allowed any opportunity to slip."Mamma, I want my front name
changed.""Why, Willie, it is one of the nicest
names in the world for little boys.""Yes, but it wouldn't suit me in my
business when I'm a man."

"What do you mean to be, dearie?"

"A prize fighter, of course, and they
always call them by their baby name."Among the many beautiful views to
be had in and around Akron, there is
none more beautiful than the one that
may be seen from one of the rooms on
the top floor of the Everett building.
The sightseer can look across the
valley to the east and west and see
the hills that make the city majestic.
He may see the residences and the
stone church at the top of West Hill
as they rise out of the trees; and at
this time of the year, when every-
thing is green and the contrasts are
beautiful, sky and landscape, broken
by the trees that make Akron an ideal
residence city, complete a picture that
is as beautiful as any that may be
seen at the show places of the coun-
try.There is a disposition among rail-
road men to pay very little attention
to the dignity or individuality of Ital-
ian laborers, as the following observa-
tion will show: Not long ago a sta-
tion agent wired to a chief engineer
in Akron: "Seven daggers billed to
your order. Please advise disposition."Another story told by local railroad
men either makes a section foreman
a genius among the wits or places
him in the ranks for stupid ones.
Whenever animals are killed along the
track, it is the duty of the section
foreman to notify the superintendent
of the number killed and the disposi-
tion of the bodies. For these reports
printed slips are furnished to fill out.
A few weeks ago several cows were
killed near Chicago Junction. The
foreman filled out the blank like this:
"Number killed—3; disposition—kind
and gentle."

Corn King Phillips Ex-
pects Much.Will Try to Pay Debts and Win
Fortune.Chicago, Sept. 25.—(Spl.)—George H.
Phillips, formerly king of the corn
pit, began all over on the Board of
Trade this morning. He determined
not only to settle all debts incurred
by the old company of which he was
the head, but to reap another fortune
for himself. He owes \$150,000.Josh Westhafer, of Logansport, Ind.,

not be without Chamberlain's Pain
Balm if it cost five dollars a bottle,
for it saved him from being a cripple.
No external application is equal to this
liniment for stiff and swollen joints,

and rheumatic and muscular pains. It
has also cured numerous cases of par-
tial paralysis. It is for sale by all

KNOCKED

In Front of Car
by a Bicyclist.David C. Harpham Lost
His Right Leg.Accident In East Akron
Wednesday.The Injured Man Is Aged 58
Years and Will Recover.At 6:15 Wednesday morning David
C. Harpham, aged 58 years, of 208 N.
Arlington st., was struck by an east-
bound N. O. T. car, at the intersection
of Market and Arlington sts., and his
right leg so badly injured that it was
necessary to amputate it above the
knee. The amputation was performed
by Dr. L. S. Ebricht, assisted by
Mrs. O. A. Lyon, J. V. Cleaver, J. L.
Lee and Dr. Cassidy, the latter a guest
of Dr. Ebricht. The patient is getting
along well, and it is believed will re-
cover.The car which struck Mr. Harpham
was No. 79, manned by Conductor W.
S. Leonard and Motorman L. J. Isch.
It is said Mr. Harpham was walking
in the street in the space between the
two tracks, when a bicyclist came
along at a terrific speed and knocked
him down in front of the car. This
part of the story was not verified, as
it was further stated the bicyclist rode
on, not stopping to see the extent of
the accident. Mr. Harpham, although
temporarily conscious, has as yet said
nothing of a bicycle figuring in the ac-
cident.Mr. Harpham is the senior member
of the firm of Harpham & Lutz, wag-
on makers and blacksmiths, with their
shop at the corner of Market and Ar-
lington sts. He has been in business
in Akron 30 years, and has a wife
and four children.Henry Braydon, Harris, N. C., says:

but one bottle of One Minute Cough
Cure did me more good than any-
thing else during that time. Best

SYNAGOGUE.

It Is Being Pushed to Completion
Rapidly.The new synagogue that is being
built by the Jewish congregation,
"Sons of Peace," nears completion
rapidly and the committee from theSCHOOL BOARD CAUTIOUS
IN BUYING WINTER COAL.Many Schemes Suggested to Prevent Any
Cheating.Sellers of coal are regarded by the
Akron Board of Education with a
great deal of suspicion, and the open-
ing of the bids of various dealers who
want the privilege of furnishing the
coal for the Akron schools this winter
was the cause for the longest discus-
sion and the most anxious one that
the Board has indulged in for several
months.
Mr. Davis opened the bids and read
the propositions that were made by
several Akron dealers, finally recom-
mending for the committee that the
bid of J. D. Croft be accepted. Mr.
Croft will contract for shovel lump
coal at \$2.20 a ton and slack at \$1.20
a ton.
As the Board used 1,200 tons of
lump coal and 1,180 tons of slack last
year the matter is considered very seri-
ously and involves an expenditure of
about \$5,000.
In view of the trouble that was ex-
perienced in the Cleveland schools be-

WEALTH

Of Captain Carter
Seized.His Relatives Had It
Hidden.Supposed to be Stolen
Funds.Federal Authorities Have Been
After It For Years.Washington, Sept. 25.—Two hun-
dred thousand dollars in cash and
real estate of considerable value held
by relatives of Oberlin M. Carter, late
a captain in the corps of engineers of
the United States army, but now a
prisoner in the United States peniten-
tiary at Fort Leavenworth, have been
seized by officers of the Federal gov-
ernment. Securities in the form of
stocks and bonds said to be worth sev-
eral hundred thousand dollars more
have been discovered and will be con-
fiscated. This statement is made up-
on the authority of an official of the
Department of Justice.The cash was found in a safe depos-
it vault in Huntington, W. Va., where
it had been placed, it is asserted, by a
close relative of Carter to whom the
captain, while a member of the corps
of engineers had transferred it at a
convenient time. The real estate which
has been seized is situated in New
York city and Orange, N. J. It was
bought originally by Carter and made
over to another relative. The securi-
ties mentioned are said to be held by
still another relative who lives in
Chicago.Carter is now serving a sentence of
five years for misappropriating gov-
ernment funds during his career as
engineer in charge of harbor improve-
ments in the Savannah, Ga., district.
At his trial it was shown that the sum
of \$2,100,000 had been diverted by him.
He and his relatives and friends main-
tained that he was innocent of any
wrong-doing, and made a strong fight
against conviction. The evidence, how-
ever, was overwhelming, and in addi-
tion to a penitentiary sentence, he was
fined \$5,000. Even after he was sent
to prison he insisted that he was
guiltless of the crime."In dealing with man, remember
that a spoonful of oil will go farther
than a gallon of vinegar." The same
may be said of children. There is
nothing so good for children as the
old-fashioned castor oil. However
much they may abhor it, it is their
best medicine for disorders of the
bowels. In the more severe cases of
diarrhea and dysentery, however,
Chamberlain's Colic, Cholera and Diar-
rhea Remedy should be given after
the oil operates, and a quick cure is
sure to follow. For sale by all drug-
gists, E. Steinbacher & Co., wholesale

REPLY

By Mayor John-
sonTo Claim of Railway
Attorneys.Statements Not Supported by
the Facts.Columbus, Sept. 25.—(Spl.)—When
Mayor Johnson, Prof. Benis and others
appear before the State Board of
Steam Railway Equalization to-
morrow they will be loaded
with figures to answer state-
ments made by the railroad attorneys
at the meeting last Saturday. At that
meeting the railroads set up the claim
that while railroad property in Ohio
was not taxed at anything like 60 per
cent. of its true value, it was taxed
as high as other property.They cited a number of recent sales
of property in Lake, Erie, Fulton and
Ashland counties and their tax val-
ues in support of their contention. In
Erie county, they claimed, all kinds of
real property was taxed at not to ex-
ceed 32 per cent. of its selling value.
Peter Witt sent out his clerks Mon-
day, one to each of the counties in
question. Tuesday he received his first
report from R. E. Sheldon, who went
to Erie county. Sheldon telegraphed
that he examined the last 40 sales
of real property in Erie county
as shown by the record at
Sandusky. These forty pieces were
sold for an aggregate of \$75,000.
They are on the tax duplicate for \$40-
000, or 52 per cent. of their selling
value, instead of 32 per cent.In Lorain county Witt discovered
by investigation that real property is
taxed on an average of 45 per cent.
of its selling value.One of nature's remedies; cannot

OLD SETTLERS

Flock to Huntington, Ind., on
Reunion Bent.Tuesday is the day of the Old Set-
tlers' excursion to Huntington, Ind.,
and the call has been responded to by
great numbers of people.
There were three west bound Erie
trains through Akron, Tuesday morn-
ing, each of which was composed of
10 coaches and all were bound for
Huntington. There were two car loads
of excursionists who came to Akron
from points south on the C. T. & V.
and they transferred to the Erie here.
People have left their homes to at-
tend this excursion who were not
tempted away by any of the earlier
excursions and the reunion that will
result at Huntington will be one of the
most enjoyable affairs of the year.8'd Darling, 1012 Howard st. Port

TIRED OR FEEBLE WOMEN

[Find Peruna to be an Unfailing and Prompt Remedy.]

Miss Mary Goerbing, of Medford, Wis., speaks
in glowing praise of Peruna as a cathartic tonic
and nerve restorer. She says:"I take great pleasure in acknowl-
edging the curative powers of Peruna. As a
nerve tonic, a gentle stimulant to a slug-
gish system, as an appetizer and restorer
of lost strength and vitality of worn-out
women, it is very superior.""I find it is splendid as a preventative
for catching cold, and whenever I feel
used up I take a dose or two and it never
fails to relieve me."

Tired Women.

Depression of the nervous system during the
heat of summer months is a fertile source of
blood impurities. That tired feeling, which is
the natural result of the depressing effect of
warm weather, quickly disappears when Peruna
is taken.Thousands are daily testifying to its
priceless benefit. General lassitude, dull,
heavy sensations, continued tired feelings,
with irregular appetite and sometimes
loss of sleep. Peruna meets every in-
dication and proves itself to be perfectly
adapted to all their varied peculiarities. Peruna invigorates the
system, rejuvenates the feelings, restores the normal appetite and
produces regular sleep.Roxa Tyler, vice president of the Illi-
nois Woman's Alliance, speaks in high
praise of Peruna to restore tired nerves
and weak body. In a letter written to
Dr. Hartman, from 910 East Sixtieth
street, Chicago, Ill., she says the fol-
lowing:"During the past year I gradually
lost flesh and strength until I was un-
able to perform my work properly. I
tried different remedies, and finally
Peruna was suggested to me. It gave
me new life and strength. I cannot
speak too highly of it."Mrs. G. Briggs, Treasurer and Con-
ductor William Down's Corps No. 43,
Woman's Relief Corps, writes the fol-
lowing letter to Dr. Hartman from 2419
Central avenue, Minneapolis, Minn.:"A few months ago my health seemed
to break down all at once. I had worked
hard, too hard, for nearly six weeks, and
nature simply refused to sustain me anylonger. I lost my appetite, my sleep
was fitful and I found no relief from
the prescriptions of my physician. Sev-
eral of the members of our Order told
me of the wonderful help they had re-
ceived from Peruna and advised me to
try it. I sent for it and within a week
after starting to use it a marked change
for the better was felt; before finishing
the second bottle I was completely re-
stored."As a tonic and nerve invigora-
tor it has no equal. It builds up
the nerves and gives strength to
the circulation. No feeble woman
should be without Peruna."Health and Beauty," a book written
especially for women by Dr. Hartman,
